INTRODUCTION

There are two kinds of sex.

Mechanical sex- which the 99% do- they basically use the other person to masturbate.

You want to become so good that whenever she thinks about you inside her, she gets wetter than the Niagara falls.

You want to become so good that whenever she sleeps with any guy other than you, it's a fucking disappointment.

And let me assure you...

what you're about to learn is what NOBODY WILL EVER tell you.

So let's get into it.

1 | THE CORRECT WAY OF STROKING.

When 99% of guys fuck, it's just in and out, in and out, in a normal, boring pace that makes her pussy shrivel.

However, you're not 99% of guys.

You're the 1%.

Remember that all the most orgasm-inducing spots are on the top wall of the vagina- the G and Deep spot, etc.

So, instead of stroking in and out in a straight line, you SCOOP UP as you're in.

You hit those spots extremely well.

Always put pillows under her ass when doing doggy/missionary as this brings her spots directly in line with your stroking.

THE CORRECT WAY OF STROKING.

This should be your foundational stroke for the rest of your life.

Remember to put MAXIMUM PRESSURE as you pull back- so that her spots are touched with force and friction, which makes it immensely pleasurable for her.

Combine that with a pillow below her, and you're going to be hitting her orgasm-cracking buttons like it's the 4th of July.

Due to the pillows, you will be constantly hitting the inside of her front vaginal wall, and it's going to be pleasurable ALL THE WAY.

She's going to have a hard time sleeping that night because she will be thinking about YOUR DICK.

2

COMMAND HER, DAWG

Dominate her in bed.

Pace and create her sexual reality. It's what turns her brain on the most.

And if you know anything about the female imagination(her brain)...

You know it's the STRONGEST sex organ.

Taking off her clothes and bra is great.

But the next time here's what I want you to do-
After a couple of minutes of making out and foreplay, tell her-

"Take off your clothes."

Say it with a straight face, assertive tonality, like you would be telling somebody what day it is today.

This is going to make her so wet because she knows-

SHE IS WITH A DOMINATING GUY.

She will be more feminine and submissive in bed.
Similarly, you can say

- "Turn around."
- "You're so wet right now"
- "You're mine." (when you're inside her, say this with your eyes locked into hers= incredible soul connect)

Pretty much any line inside 69 lines to make her wet-

is creating her reality and ultimately portraying you as a **COMMANDING, DOMINATING, HIGH-VALUE MAN.**

COMMAND HER, DAWG

3

THE 10-1 THRUST

This is going to send her over the top, cumming multiple times.

Here's how this works.

This contains 10 steps, or 10 levels rather.

In the first step, you give half-inch thrusts with just the tip of your dick into her vagina.

This should be slow, in a teasing way, and you can also do some dirty talk while you're at it.

So you do 9 of these, ad on the 10th thrust, YOU GO ALL THE WAY IN WITH FORCE.

Imagine her rolled back eyes and moaning sound while she screams your name as your dick hits her spots.
Beautiful.

THE 10-1 THRUST

Then, immediately after, you go 8 half-inch strokes with the tip of your dick, and then on the 9th AND 10TH time this time, you go ALL IN.

2 hard, dominating thrusts that will make her moan in pleasure.

- Then 7-3,
- then 6-4.
- then 5-5, till you go to 1 half-inch stroke and 9 hard, full thrusts.

This would be one complete cycle.

You can switch positions post this, or do another cycle, that's your call.

The beauty of this program is that it will teach you so many techniques and moves, that you always have

SOMETHING NEW AND EXCITING FOR HER.

The key to being a god in bed is being
UNPREDICTABLE.

I'd suggest you keep mixing and matching every
time.

She'll be addicted to your dick.

You might want to hire a personal bodyguard
(half true)

4 | **MAKE THE FIRST THRUST A BIG FUCKING EVENT**

Think about this course.

Did I simply release it?

Or did I first build up some hype, give out some sneak
peeks, and make you wait for it?

This is the law of the bedroom as well.

Your first thrust is a SACRED EVENT. She has to EARN
the RIGHT to experience your dick.

This is not in a narcissistic way. This is the truth.
because after all, you're not sheep. You're a 0.1%er.

She gets to experience an elite dick. Why would you
give it away easily? This is why the foreplay guide is so
long.

MAKE THE FIRST THRUST A BIG FUCKING EVENT

You're part of the 1%, who works on himself
and his vision every fucking day.

YOU ARE THE PRIZE.

Foreplay is extremely crucial (refer to the
foreplay that makes her beg for your D)

But even post that, when you're about to give it
to her, you must rub it outside her vagina first.

Give a few false thrusts, acting like you're
about to, but pulling out of it move at the end
moment.

It's like stealing a bone from the dog.

She's going to be CRAVING FOR IT.

(female psychology 101- she wants what she
cant have even more)

MAKE THE FIRST THRUST A BIG FUCKING EVENT

Along with that, command her-

- "Tell me how bad you want it"
 - "Say 'please daddy'"
- and more dominating stuff.

Perform the 10-1 thrust post this and that 10th thrust is going to make her feel like a little girl on Christmas morning.

Rub your dick against your clit.

Make her literally beg for it, and trust me, it will lead to a much better experience for both you and her.

You're welcome.

5 | **MOVE HER BODY TOWARDS YOU**

Most guys keep thrusting their own bodies towards her, never having any variation.

That's meh.

This, however- moving her body towards you?

That's very commanding. (+Helps you last longer)

Even if you're sitting next to each other in a social setting, bring her closer to you by pulling her chair towards you.

This looks small but it signals DOMINANCE.

Similarly, you can pick her up, throw her over your shoulder and carry her to your bedroom.

MOVE HER BODY TOWARDS YOU

Even mid-fuck, you can convey this.
You holding her legs and putting them on top
of you.

Choking is also an incredible turn-on.

but there is a right way and a wrong way., and
that she is ready for it.

to check, put your hand around her collarbone,
and if she's ready, she won't do anything.

Pace her reality- tell her verbally (as she starts
cumming) how much she loves it, how much
she NEEDS It. + press on the sides of the
neck (tip of your middle finger & thumb)

the choke + body move + verbally painting her
reality = addictive orgasms.

6 | HAVE HER DREAMING ABOUT YOU FOR WEEKS AFTER

Most women forget about a sexual experience soon after it happens.

Because it's very plain. So, you plan an event together with a girl you're already seeing-

- It's a new environment, even for a day, subconsciously she thinks nobody knows her there, so she can bring out a sexual side of her because she's not afraid of being judged by her friends.
- Try New substances (Example- New variety of Wine)
- Tease her, saying "You're not gonna make me cum today"

HAVE HER DREAMING ABOUT YOU FOR WEEKS AFTER

So, she's in her body, with a new personality that doesn't give a fuck, having a completely new experience, and she is on a MISSION TO MAKE YOU CUM (new location, new substances, + sexual tease, which makes her a rebel)

Take breaks every 15 minutes, make her suck your dick, talk, and connect on a deeper level.

she's going to have a sexual memory she won't ever forget.

Plan this event together.

Don't ask, just tell her

"make sure you're free on Friday, because you're gonna have the best day of your life"

She will become ADDICTED to you.

For those who don't know how to know when she is cumming, here are some tells-

- Heavy breathing,
- Facial muscles twitch and her eyes roll back
- pussy contracts against your dick

NEVER ASK HER "Did you cum"- you should already know.

Anyway, back to this technique.

What you do here is, as you're mid-fuck, you tell her-
'DON'T YOU FUCKING COME AGAIN UNTIL I TELL YOU
YOU CAN CUM.'

almost like you're angry.

And keep doing the shit that was making her come (=everything in this course)

And after 30 seconds,

say "Cum for me NOW"

To take it even further with the dominance, keep counting as you do it, and every 3 counts, remind her in a dominating way/ "don't you fucking Cum, not until I say 10"

Then 8.. 9.. and then long pause between 10 to explode her cum.

NO OTHER MAN EVEN THINKS TO DO THIS, LET ALONE HAS THE POWER.

The key is to be commanding here. If you're confidently telling it, her body will literally respond because she's in a sexual, primal state.

8 | THE KEY TO GIVING HER WILD ORGASMS.

There are 4 major kinds of orgasm triggering techniques.

- 1) Teasing- short and long strokes, making her plead.
 - 2) Up-down- Instead of thrusting inside out, keep it in and thrust up and down. it will hit the spots- do it slow and it will make her feel more orgasm.
 - 3) Corkscrew- Hitting the sidewall through your dick, then bringing it up and out. And repeat.
- Scooping- about 50% because all the good stuff is on the inside of the upper wall. Combine that with moving her body- scoop using her body.

It's about confidence and dominance.
you're both going to become the museum of orgasms.

FINAL THOUGHTS

This is something you should revise every time you're about to see a girl.

With these techniques in your pocket and inside your fly (pun intended), You will officially be her "BEST EVER".

Remember to check which girls likes which technique more than others.

And of course, which ones you like more than others!

The key, as always, is to combine these and keep switching to have some variation. Consistency is the most boring thing in bed.

Your brother,

- MR.
